## Father's Day Activity morning – Photos and Videos

Thank you to all those who were able to come to our Father's Day event this morning.

It was great to see the dad'/uncles/granddads with the children making their towers. Teams could try to make the tallest, sturdiest or fanciest towers. Here are a few we choose to showcase for you.

**Most engineered**

**Fanciest**

**Tallest**

## Most Flamboyant

## Most sturdy

Please see below an outline of the challenge in case anyone wanted to try to complete this at home.

### CHALLENGE:

Use equipment such as newspaper, straws or sticks to build a tower. You can try to build.... The tallest tower; the sturdiest tower or a creative fancy tower.

### GAMES IDEAS

I have also included the handout with some idea of games you could play... please see if you can spot the spelling mistakes – how many errors are there?

# Colebourne Primary School

## Father's Day – Games to play

### Thinking Games

#### 20 Questions

One thinks of an object, animal, or person—other asks up to 20 yes/no questions to guess.

#### Alphabet Categories

Pick a category (animals, food, names), and take turns naming items from A–Z.

#### I'm Thinking Of...

"I'm thinking of an animal that lives in the sea..." and give clues until it's guessed.

#### Would You Rather?

Ask fun choices, "Would you rather fly or be invisible?" Great for chatting and laughs.

### Silly & Fun Games

#### Make Me Laugh

Take turns trying to make the other laugh without touching—funny faces, sounds or silly talk.

#### Opposite Game

Say the opposite of what the other says. Hot → cold. up → down, it gets tricky fast!

#### Story Chain

Build a story together one sentence at a time: "Once upon a time..." → "There was a purple dog..."

#### Animal Sounds Game

Take turns making an animal noise—guess what animal it is. Add silly ones too!

### Calm & Connected Games

#### Mirror Game

Sit facing each other, One makes slow movements, the other copies like a mirror.

#### Breathing Buddy Game

Sit quietly and breathe slowly together. Try counting breaths or humming.

#### Imaginary Travel

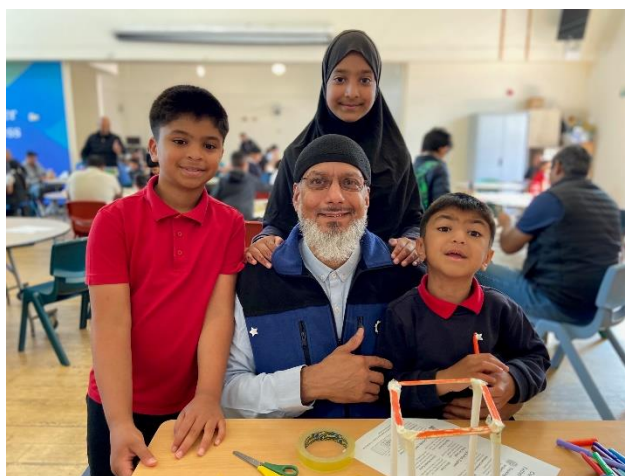

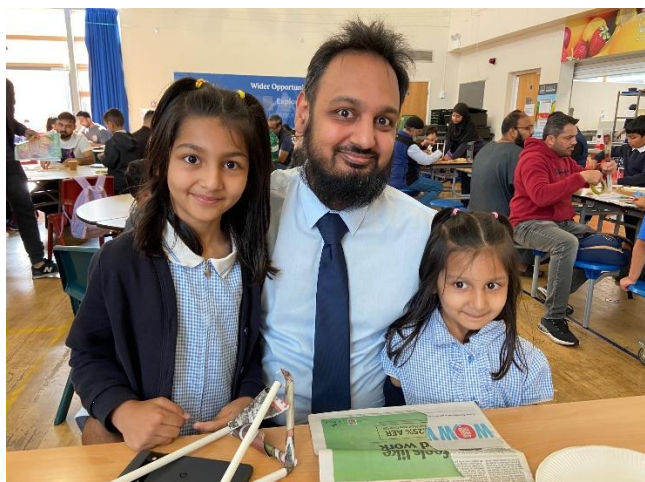

Take turns pretending you're on a journey. "I'm walking through a jungle, and I see..." Then pass it on.

**EXTRA CHALLENGE – THERE ARE SOME SPELLING MISTAKES IN THIS POSTER – CAN YOU FIND THEM!**

Here are just a few photos from the morning.

We have also produced a video of all the photos from this morning.

**HAPPY FATHER'S DAY!**

As part of the year 6 transition to secondary school work, year 6 took part on a Careers day. This involved the children learning about different careers, working in different roles across the school for a couple of hours and taking part in a careers fair where they got to talk to people doing all different jobs.

A huge thanks to all the adults who offered their support for the careers fair, and to Mrs. Taylor who led on the organisation of this.

I was delighted to have two year 6 children follow me around for a few hours; they helped in the parents update meeting, met with the school auditor and got to ask about her job, and then got to see some of the other work that I do.

Other children helped in the school kitchen, worked with our site manager, worked at Beaufort and much more!

### Year 3 Trip to the Hindu Temple

Year 3 have visited a Hindu Temple this week. This is part of our Religious Education work to help children gain a better understanding of different religions, build respect and tolerance and also helps children compare the beliefs of other to any of their own beliefs.

### **What is measles?**

Measles cases have been increasing across Birmingham. Measles is a very infectious disease that spreads easily and can lead to serious health complications, particularly for vulnerable individuals, including those who are immunocompromised or pregnant. Outbreaks can happen when not enough people have been immunised.

To protect your education setting and community from measles, please share this flyer with children and parents so that they know how to stay safe from measles: [How to protect yourself and your family from measles flyer](#)

Also, with large gatherings approaching, including upcoming Eid celebrations, please remind parents and children to speak to their GP if they experience any symptoms, as measles spreads easily in group settings. If they do attend a large gathering, please remind them to stay vigilant for symptoms, as most people experience symptoms 10-12 days after contact with the virus.

### **What are the symptoms of measles?**

Measles usually starts with cold-like symptoms. The first symptoms of measles include:

- a high temperature
- a runny or blocked nose
- sneezing
- a cough
- red, sore, watery eyes

A rash usually appears a few days after the cold-like symptoms. The rash starts on the face and behind the ears before spreading to the rest of the body. Some people may also get small spots in their mouth, particularly inside the cheeks and on the back of the lips. To learn more about symptoms, visit <https://www.nhs.uk/conditions/measles/>.

## **What should you do if you or someone in your education setting has suspected measles?**

If a pupil develops symptoms in your education setting, urgently ask their parents to contact their GP. Parents must contact the surgery by telephone before visiting and tell the reception staff that they think that their child may have measles. They cannot attend the surgery unless they are asked to. The doctor will make special arrangements to see the child so that if they have measles, they won't pass it on to others.

## **How can you protect yourself and others from measles?**

The MMR immunisation is the best way to protect yourself and others against measles because it is:

- effective
- safe
- free of charge

2 doses of the MMR immunisation are needed to give the best protection against measles. The first dose of the MMR immunisation is normally given soon after the first birthday, and a second dose before starting school, but you can catch-up with missed MMR doses at any age.

Research has shown there is no link between the MMR immunisation and autism.

The MMR immunisation is safe for all faiths and cultures. A pork-free version is available for those who avoid pork products. This immunisation is available at every GP practice, and it is free.

Further information on the MMR immunisation can be found on the NHS website: <https://www.nhs.uk/conditions/vaccinations/mmr-vaccine/>.

## Summer Term Uniform, Heat and Hay Fever

### **Summer uniform**

Please remember that children can wear black or grey plain shorts or summer dresses (navy gingham or plain grey/black) for school. This is particularly useful as the weather heats up.

Please remember to label your child's clothes with their name as this helps us reunite items with their owners.

### **Summer heat**

Please ensure your child has a water bottle with them every day.

For hot sunny days please also ensure they have a hat and have applied sun cream before school.

### **Hay Fever**

As the Hay Fever season kicks in, please ensure your child has taken any precautionary medication before school and that we have additional medication in school.

## Changes to charges for Summer Term

As you will know, the changes in costs for goods and services have steadily been going up, and now with the increases in National Insurance, many of our suppliers have increased charges.

This has had a significant impact on our school meals provision and as such, from the **summer term Dinner money** will now be **£2.70 per meal**.

*We have been able to maintain the same charges for breakfast club, after school club and snacks for the Summer Term.*

## Term dates and staff training days for the year

The updated term dates and the staff training days are on the school website: <https://www.colebourne.bham.sch.uk/diary-and-term-dates/>

### **Remaining Staff Training Days:**
